"Specify with Confidence - Install with Pride"

**WALKER
CLOSET PRIMER**

Simple Installation.

All Plumbing Connections Provided

Manufactured from Brass and Plastic Tubing

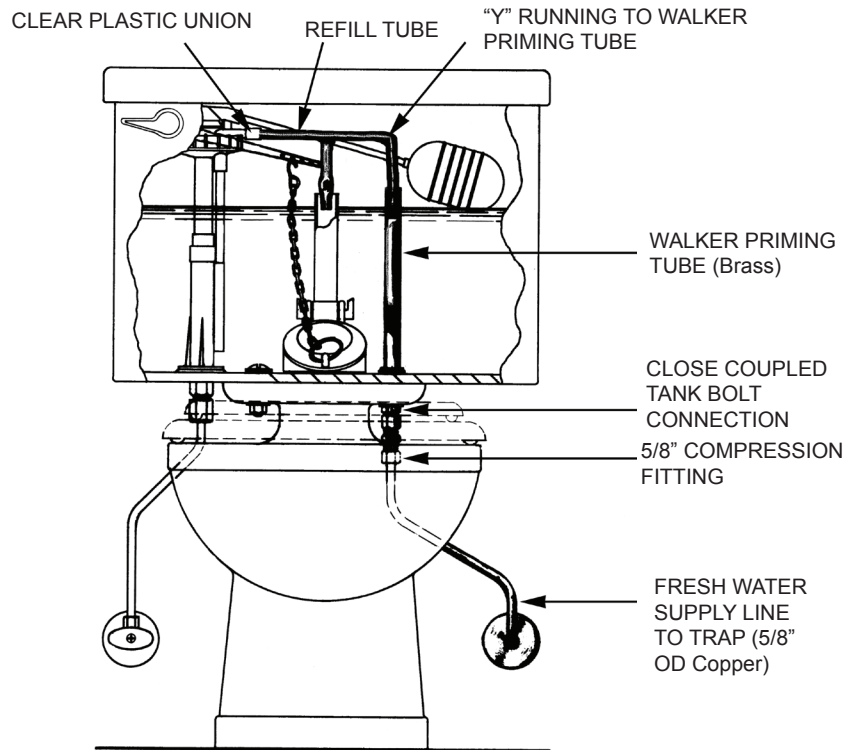

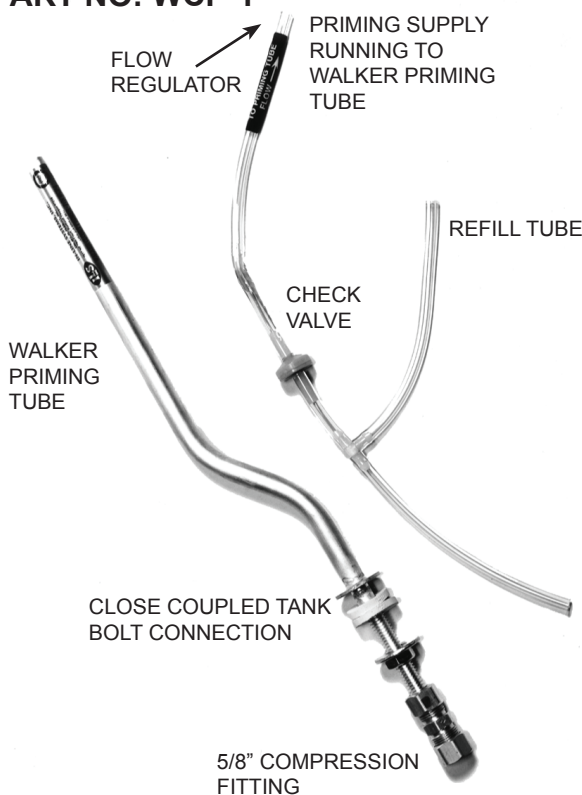

Simple Retro-fit to Existing Installations.

Provides a Fresh Water Prime Each Time the Toilet is Flushed.

The Walker Closet Primer is manufactured from brass parts with all parts provided for simple installation. This trap priming device provides approximately 2 ozs of fresh water per flush. The Walker Closet Primer is designed to prime one floor drain trap at a distance not to exceed twenty (20) feet from point of installation. It is recommended that a 5/8" OD copper make-up water line is run between the primer and the floor drain trap. Trap primer make-up line must have continuous slope to floor drain.

(Consult Local Code Requirements).
